GIDEON KWASI KWARTENG

Fullstack Web Developer

Location: East Legon, Ghana | Email: kwarteon08@gmail.com | Phone: 0256674138

LinkedIn | GitHub

PROFILE

Detail-oriented fullstack web developer with expertise in JavaScript, HTML, CSS, Tailwind CSS, Git, and GitHub. Adept at building scalable, interactive, and high-performance web applications. Strong knowledge of frontend development, UI/UX best practices, and software optimization techniques. Seeking an opportunity to apply my skills in a frontend development internship or remote role.

TECHNICAL SKILLS

- Programming Languages: JavaScript (ES6+), HTML5, CSS3
- Frontend Technologies: Tailwind CSS, React (learning), DOM Manipulation, Event Handling
- Version Control & CI/CD: Git, GitHub, Netlify, GitHub Actions
- Performance Optimization: Lazy Loading, Asset Minification, Asynchronous Code Execution
- Development Tools: VS Code, Chrome DevTools, Figma, Postman
- Problem-Solving & Debugging: Error Handling, Browser Compatibility Fixes, Code Refactoring

PROJECTS

Gym Website (HTML, CSS, JavaScript)
- Developed a fully responsive fitness website with JavaScript animations and event listeners.
- Used CSS flexbox and grid for an adaptable layout across devices.
- Implemented lazy loading and asynchronous JavaScript execution for faster performance.
- Optimized semantic HTML for improved SEO and accessibility.

Nike Website Clone (HTML, Tailwind CSS, JavaScript)
- Built a modern e-commerce UI with Tailwind CSS for rapid styling.
- Added hover effects, animations, and responsive design techniques.
- Implemented mobile-first principles for seamless adaptation.
- Refactored components using CSS reusability and BEM methodology.

Tic-Tac-Toe Game (JavaScript, HTML, CSS)
- Developed an interactive JavaScript-based game with real-time logic.
- Designed an algorithm for win condition detection and game state updates.
- Applied modular design patterns for maintainability and scalability.
- Enhanced user experience with real-time UI updates and color-coded status indicators.

EDUCATION & TRAINING

Codetrain Africa - Software Engineering Program (2025 - Present)
Hands-on learning in web development, JavaScript frameworks, and frontend technologies.

EXPERIENCE

Currently seeking a frontend development internship to gain industry experience.
